Trip description: The Royal Gorge Dinosaur Experience (RDGE) is more than a museum; it is an adventure! With three interactive experiences, you and your students are sure to have a blast while soaking up loads of pre-historic knowledge. Our incredible museum, outdoor moving-dinosaur 'Wild Walk', and two fun ropes courses will thrill the whole group. We are located eight miles west of Cañon City with majestic views of the Sangre de Cristo mountain range and the famous Royal Gorge Bridge.

Another exciting option is our Gem and Fossil Dig Pit where students can sift and search for cool fossil and gem treasures and keep their favorite three finds, for only \$5 per student. It's a great way for students to participate in treasure hunting and leave with an exciting educational keepsake.
